

BIG AS HENS' EGGS

Were the Hailstones Which
Fell in Kalamazoo,

BREAKING MANY SKYLIGHTS

Awings and Cornices, Injuring Crops
and Covering the Ground to the
Depth of Two Inches.

KALAMAZOO, Aug. 3.—This city has just been visited by the worst hailstorm the oldest inhabitants can remember. The stones were as large as hen's eggs and fell two inches deep. Every skylight in the city was wrecked and awnings and cornices blown off. Thousands of dollars' worth of damage was done, besides great injury to corn and other crops.

RAILWAY POSTAL CLERKS

Listen to Bright Speeches and Then Take
a Ride.

DETROIT, Aug. 3.—At 10 o'clock this morning President C. A. Guthrie called the annual national convention of the Railway Postal Clerks' association to order and introduced Alderman W. H. Cotes, who made the address of welcome on behalf of the city.

G. W. Estor responded on behalf of the association. President Guthrie then delivered his annual address, which was a year, a club statement of the objects and needs of the association and a resume of the past year's work.

When he closed ex-Postmaster General Don M. Dickinson was introduced and was given an enthusiastic reception. He made a happy and brilliant speech and at its close held an informal reception, a vote of thanks being tendered.

The convention then adjourned to meet tomorrow morning.

This afternoon the visitors were given a boat ride on the river and lake and in the evening the annual banquet and reception was held at the Wayne hotel. The ninth division of the railway postal clerks, which includes Detroit, has elected the following officers: President—D. M. Wells of Cleveland. Vice President—C. M. Bentley of Corry, Pa.

Secretary—W. E. Colley of Eltruria, D. Treasurer—G. G. Davis.

CHILD AND MAN

Offer Up Their Lives on Alcohol's
Bloody Altar.

PORT HURON, August 3.—A 10-year-old boy named Solomon, had been missing since last Wednesday, the day Barnum's circus showed here. Some people thought he had gone along with the circus, but the parents would not believe this, as the little fellow had not been in the habit of making any such escapades. They at last became convinced that he had been drowned, as it was reported that he had been in the afternoon of that day near O'Neil's ice house on Black river in an intoxicated condition, some boys having purchased some beer and stuporified the little fellow.

Yesterday the steam dredge which is working in Black river, near Hayne's lumber yard, brought his body to the surface. The boy had evidently fallen into the river while attempting to find his way home in a maudlin condition. Murdock Burchan, a sailor on the steamer Cataract, in returning to his ship at an early hour yesterday morning after having spent the night ashore, was run down by a freight train in the Barnum yards and instantly killed. He was decapitated by the wheels and otherwise horribly mutilated. He was 25 years of age and single.

NOT A CLEAN ONE

Had the Delegates Heard of Mr. Ewing's
Record?

The people's party evidently got sidetracked on the first nomination, notwithstanding the flaring motto. For a reform party leader Mr. Ewing does not go before the people with the cleanest imaginable record. Not many months ago it was he who brought suit against the Charlotte Republicans. The Republican asserted that Mr. Ewing, while acting in the capacity of supervisor for Eaton county, had misappropriated funds, and he brought suit against the paper for libel, but after a trial of some days' duration, in which he was represented by able counsel, the costs were assessed against him—virtually sustaining the charges. He threatened to carry the case to the supreme court, but it is stated he paid the costs like a little man. The case is well known and was given great publicity at the time.—Jackson Patriot.

LOST CHILD

Thought to Have Been Devoured by
Beast.

MESQUITE, Aug. 3.—John Beechfield, proprietor of the Bay Shore hotel, went up the river about 15 miles with his family to pick berries. They arrived about 10 o'clock. While preparing quarters for the day little Johnny, aged 6 years, wandered away, and has not yet been found. Several parties went out last night and upwards of fifty more this morning. The woods have been scoured in all directions, but without success. It is thought that the child has been devoured by bears, as the berry fields are said to be full of them.

CHILD INSTANTLY KILLED

A Shakesman's Boy Meets a Terrible
Death at White Cloud.

WHITE CLOUD, Aug. 3.—This afternoon a 3-year-old son of Frank Dekker, a brakeman on the C. & W. M., was run over by a freight train and instantly killed. He was playing in the yards and attempted to pass under the

STEAMSHIP BURNED

St. Ignace, Aug. 3.—The steamship
Remora, of the north shore route, was
burned here about 5 o'clock this morning.
Captain Vorseburg and the engineer
were badly scorched, and narrowly
escaped with their lives.

THIS ONE HAS A SOUL

SARASOTA, Aug. 3.—The First & Perre
Marquette company has sent a check
for \$10,000 to the Bay City fire sufferers.
General Manager Baldwin also incloses
his personal check for \$100.

CARPENTER FATALLY INJURED

SACRED STE. MARIE, Aug. 3.—N. Mor-
ray, a carpenter employed by Foster &
Smith, the new Fort Brady contractors,
fell from a scaffold this morning and
received fatal injuries.

HUCKLEBERRIES IN PLENTY

And the Accompanying Hordes of Indians
That Camp on the Plains Are Pick-
ing Them by Bushes.

TRAVERSE CITY, Aug. 3.—Life on the trail is generally considered pleasant, particularly when the time is midsummer and the traveler is bound to the northland; but there are times when circumstances conspire with fendish glee to rob a journey of even the aspect of cheerfulness. Such a time was Monday. There was a washout on the G. R. & I. near Belmont. The early train hurrying southward passed over the shaky rails safely, but the three heavy sleepers executed a skitter dance and settled down in the mud knee deep. The road was completely blocked, delaying the departure of the train, which should have left Grand Rapids at 7:30 o'clock. It departed one hour later, and pulled out on the C. & W. M. track as far as Sparta, when it became inextricably mired up with a lot of Y tracks, but finally emerged, like Ethan Allen's horse, with its head where its tail ought to be. Persons who had secured seats at the rear end of the coach found themselves occupying the front row with no effort on their part and vice versa. It was also to be observed that they had been juggled into riding backward. Seats were reversed and things moved along smoothly, the train having taken a short cut across the fields, reaching the G. R. & I. tracks at Cedar Springs at exactly 10:30 o'clock. When Howard City was reached the train was broken up, the cars were thoroughly shuffled and again dealt out in regular order, the baggage coach heading the train and the parlor cars bringing up the rear with their accustomed ease and polish.

Both Good Workmen

LANSING, Aug. 3.—Dr. William E. Magill, commissioner of insurance, was one of the representatives of the state administration who went to Jackson yesterday to see that the people's party did not go wrong. "Tip" Albin was also there for the same purpose, but although he and the commissioner are neighbors at West Bay city, they did not agree. Magill finally grew widely excited over some of Tip's manipulations and emphatically informed the ex-auditor-general in the presence of quite a crowd, which had been gathered by the scrap, that he had evidence enough to send him to state prison. "That's all right, Doc," quietly responded the redoubtable Tip, "but for heaven's sake don't give it away. Just keep it to yourself," and in the shout which followed Magill made a sneak.

Won't Tell Who Slugged Him

DETROIT, Aug. 3.—John Hammond, who came to Detroit several months ago as advance agent of "The South Before the War," was terribly beaten in a saloon room, and lay for weeks in the hospital at the point of death, recovered sufficiently to leave the city, but is now dying at the city hospital in Cincinnati. When Hammond was in Detroit he refused to tell the name of the man with whom he quarreled. The police claim to know who the man is, but as Hammond refused to make a complaint nothing apparently can be done, if he lives. In case of death, the man will possibly be arrested, but without Hammond's evidence it is thought he could not be convicted.

Chinamen Given Another Week

DETROIT, Aug. 3.—The four Chinese arrested in the Michigan Central yards a week ago last Sunday were to have been tried before Commissioner Graves on the charge of being illegally in this country, but they could produce no proofs of their right to be here and were given another week to bring forth their evidence. The six captured at Romulus last Friday night will be tried tomorrow afternoon. All those white persons who had any dealings with the Chinese between here and Romulus will be subpoenaed as witnesses.

Lost His Foot by a Fall

MESQUITE, Aug. 3.—Luger Doust fell ten feet, with the floor in his coffeehouse store on Pine street. A barrel full of rain water sat in one corner of the room and a tub full in another. Both tipped over and their contents drenched Mr. Doust to the skin. He attempted to get up and go into the house when he noticed the broken bones of his ankle protruding through the flesh. The foot will have to be amputated. Doust was also seriously injured internally.

Bushes of Dead Fish

FENTON, Aug. 3.—On Monday Mar-
shall Duckerman caused the removal
of over four bushels of dead pickerel
and perch from the mill-pond near
Colwell's mill. Some of the pickerel
weighed twelve pounds and over.
These and perch seem to be the only
varieties affected by the epidemic
which prevails at Holly, Brighton and
other places.

Pierman Drowned in Detroit River

DETROIT, Aug. 3.—Alexander Fuff, a
single man, 22 years old, was missed
about 11:15 this morning. After a
search his body was found in the river
at the rear of Starret's mill, in which
he was employed as fireman, at 1:30
o'clock. His death is supposed to have
been the result of an accident.

Robbed The Mail

ANITA, Aug. 3.—Three masked men
raided the Western depot this morning
at 3 o'clock and robbed the till of \$40.
Two of them held the operator while
the third went through the till. After
they left the operator tried to call as-
sistance by telephone, but found the
wires had been cut just outside the depot.

Steamship Burned

St. Ignace, Aug. 3.—The steamship
Remora, of the north shore route, was
burned here about 5 o'clock this morning.
Captain Vorseburg and the engineer
were badly scorched, and narrowly
escaped with their lives.
